**Help bring more HOPE to Geelong families trying to cope with the death of a precious loved one.**

**HOPE** Bereavement works in partnership with:

- Red Nose (formerly SIDS and Kids)
- Australian Centre for Grief and Bereavement

to provide free counselling, support and educational services for families and others who have experienced the sudden or unexpected death of a loved one.

**HOPE** Bereavement relies heavily on its fundraising efforts and the generosity of the community, receiving no direct government funding.
