2018

Help bring more HOPE to Geelong families trying to cope with the death of a precious loved one.

HOPE Bereavement Services Inc works in partnership with Red Nose - Grief & Loss, the Australian Centre for Grief and Bereavement, Jesuit Social Services and Geelong Mental Health Care to provide free counselling and educational services for families and others who have experienced the sudden or unexpected death of a loved one.

HOPE Bereavement Services relies heavily on its fundraising efforts and the generosity of the community, receiving no direct government funding.
